PROFILE

Motivated MCA student with skills in Python, SQL, JavaScript, MySQL, and Flutter. Experienced in web and mobile application development, data analysis, and problem-solving through academic projects. Passionate about learning new technologies and applying technical skills to develop innovative and data-driven solutions.

SKILLS

- Programming: Python, SQL, C, JavaScript, Dart
- Mobile Development: Flutter
- Frontend: HTML, CSS, React (Basic)
- Backend: Django, Django REST Framework, REST APIs
- Databases: MySQL
- Data & Analytics: NumPy, Pandas, Scikit-learn, Data Preprocessing, Machine Learning Fundamentals
- Tools: Git, GitHub, VS Code, Jupyter Notebook, Google Colab, Postman, Power BI, Tableau
- Core Concepts: Object-Oriented Programming (OOP), Problem Solving, Database Management, Software Development Lifecycle
- Soft Skills: Communication, Team Collaboration, Analytical Thinking, Continuous Learning

PROJECTS

MedLens – Medical Analysis Application

Technologies: Flutter, Python, MySQL, Machine Learning

- MedLens is an AI-powered healthcare application developed to analyze medical data, predict diseases, and provide personalized health recommendations.
- Developed Flutter-based user interfaces and integrated application features for healthcare management.
- Integrated backend services and APIs to support disease prediction and health monitoring functionalities.
- Worked with data processing, user management, and application testing to ensure reliable performance.

SmartCrop – Crop Recommendation System

Technologies: Python, Streamlit, Scikit-learn, Pandas

- SmartCrop AI is a crop recommendation system built using Streamlit and a Random Forest model to predict the best crop based on soil nutrients and climate conditions.
- Uses inputs like N, P, K, temperature, humidity, pH, and rainfall to generate predictions with confidence scores and top suggestions.
- Includes model training, a Streamlit interface, and a dataset for building an efficient and accurate prediction system.

EDUCATION

Master of Computer Applications (MCA) – Pursuing 2025 – Present
LEAD College of Management (Autonomous), Palakkad

Bachelor of Computer Applications (BCA) 2022 – 2025
Malabar College of Advanced Studies, Vengara, Malappuram

CERTIFICATIONS

GenAI Powered Data Analytics Job Simulation – Tata (Forage) Jan 2026
Android App Development using Flutter – NASSCOM Certified (36 hrs) 12 Jan – 16 Jan 2026
Web Development using React JS – NASSCOM Certified (36 hrs) 31 Jan – 04 Feb 2026

LANGUAGES

Malayalam (Native) • English (Proficient) • Hindi (Basic) • Arabic (Basic)
