PROFILE

Motivated MCA student with skills in Flutter, Dart, Python, MySQL, and mobile application development. Experienced in building application interfaces, integrating APIs, and developing software solutions through academic projects. Passionate about creating user-friendly mobile applications and eager to start a career as a Flutter Developer.

SKILLS

- Programming: Dart, Python, SQL, JavaScript
- Mobile Development: Flutter, Android App Development
- Frontend: HTML, CSS, React (Basic)
- Backend: Django, Django REST Framework, REST APIs
- Databases: MySQL, SQLite
- Core Concepts: Object-Oriented Programming (OOP), API Integration, Mobile App Development, Problem Solving
- Tools: Git, GitHub, VS Code, Android Studio, Postman, Jupyter Notebook, Google Colab
- Soft Skills: Communication, Team Collaboration, Analytical Thinking, Continuous Learning

PROJECTS

MedLens – Medical Analysis Application
Academic Project | Jul 2024 – Feb 2025

- MedLens is an AI-powered healthcare application developed to analyze medical data, predict diseases, and provide personalized health recommendations.
- Developed Flutter-based user interfaces and integrated application features for healthcare management.
- Integrated backend services and APIs to support disease prediction and health monitoring functionalities.
- Worked with data processing, user management, and application testing to ensure reliable performance..

SmartCrop – Crop Recommendation System
Machine Learning Project

- SmartCrop AI is a crop recommendation system built using Streamlit and a Random Forest model to predict the best crop based on soil nutrients and climate conditions.
- It uses inputs like N, P, K, temperature, humidity, pH, and rainfall to generate predictions with confidence scores and top suggestions.
- The project includes model training, a Streamlit interface, and a dataset for building an efficient and accurate prediction system.

EDUCATION

Master of Computer Applications (MCA) – Pursuing — 2025 – Present
LEAD College of Management (Autonomous), Palakkad

Bachelor of Computer Applications (BCA) — 2022 – 2025
Malabar College of Advanced Studies, Vengara, Malappuram

CERTIFICATIONS

GenAI Powered Data Analytics Job Simulation – Tata (Forage)	Jan 2026
Android App Development using Flutter – NASSCOM Certified (36 hrs)	12 Jan – 16 Jan 2026
Web Development using React JS – NASSCOM Certified (36 hrs)	31 Jan – 04 Feb 2026

LANGUAGES

Malayalam (Native), English (Proficient), Hindi (Basic), Arabic (Basic)
